Our Introductions

Monarch of the East. Dec. to I. D. A Super-Giant, and the grandest all round dahlia we have ever grown. A giant in size (up to **12 in.** with **no disbudding** or feeding—up to 14 with **slight** disbudding), a lovely color, warm gold with tints of apricot and orange buff, slight coppery red on reverse, grand stems 3 ft. or more and stiff as canes, monster clumps which are fine keepers. A wide open bush with many laterals, an **early** and **prolific** bloomer and with **vitality plus**. No insects or even corn borers have ever been able to ruin a single plant. In fact the nearest to a **100% dahlia** I have ever grown. Now at a price within the reach of most everyone. **Certificate** at Storrs on **four Honor Rolls**, House Beautiful Futurity Medal at Boston. In winning vase of Best **three**, also Best **twelve** Blooms at San Francisco. **Special** award for best vase of 1938 introductions at D. S. of Kentucky. “Consistently good in five Central States”, Lew. Sarett.
